RUN NO 13 : Ken Reardon

TRUE or FALSE? - This question must have been exercising the minds of the relatively small pack who turned out for Ken's eve of the Day of the Vow (Covenant?) trot. There is certainly something of the Voortrekker in Ken as the pack found out towards the end of this run - but more of this later.

Falsie after falsie after falsie - including at least three leading off the path that led inevitably to the top of the highest hill in the area. (Shades of crossing the Drakensberg!) And then the pace quickened as the Pack sorted out fact from fiction. We were just beginning to enjoy ourselves and were looking forward to a long leg-stretching run-in when - you guessed - more falsies. This time each leading away from the road (an obvious run-in) to the top of the cliff above the beach. On the third trail leading off the road, we fully expected to find yet another falsie - but not so - our Voortrekker had decided to carve a path through the virgin bush and down the side of the 200 foot drop to the beach. The pack followed paper ON-ON through dense bush, nettles and to round it off, a twenty foot ski jump, and then ON-ON along the beach front back to the cars.

Anybody who had arrived early for this run would have seen Kenneth after the run and realised what we were in for. His trail blazing descent through virgin bush had taken its toll! Still I suppose it's the closest he'll get to anything virgin for a long time!

Ten out of ten for the snacks Ken, and thanks to Merv-the-swerve for letting us into the life-saving club house after we were nearly washed out by a passing shower.

Stop Press: T. Shirts. Chief Disorganiser Paul Lewis has requested that anybody who is fool enough to sponsor the manufacture of the T. Shirts contact him at the next Hash.

HASH FLASH : We have scrounged the set of rules prepared by the Durban Hash House Harriers for the setting of runs. Copy enclosed although one should bear in mind that our runs should last approximately 45 to 50 minutes. Ken is specifically referred to Rule 7!
