RUN NO. 38 : VOLUNTEER - 25 MAY 1982, 5.15 P.M.

Meet at end of Fairway, next to Virginia Airfield.

RUN NO. 37 : ERIC SMITH

A fair sized pack started off near the highest part of Durban North and feared the worst, but it was not to be. Eric led us up and along and it was only near the end that he descended into the valley at the corner of Old North Coast Road and Blackburn Road.

Unfortunately, Ian Jansen and I had parted from the pack some time previously and, 'though we got back to chalk, never did catch up. Eric's trail setting where Ian and I got lost has to this day remained inexplicable to both of us. Perhaps one day Eric will go over that part. A well-set run which was rounded off by Ken's emergence from Olly's Graze Bar (where do you take your wife to eat?) with hunks of the ubiquitous bunny-chow.

HASH TRASH :

What went thru' the insect's mind as it smashed into the wind-screen?

Its backside.

RECEDING HARE-LINE :

Stuart Jackson and Peter Almond
Volunteers.
